

# Recycle Rockbridge

Special Release

September 30, 2009

## I Will Miss Everyone

### Recycling Coordinator Leaving

**A**s many of you have already heard I will be leaving Rockbridge County. I have taken a new position in Brunswick County, North Carolina (I've threatened many times to go coastal!!!). I finally did it. I will be doing very much the same thing in Brunswick County as I do here in Rockbridge County, just a lot bigger and most of the events will be beach festivals (I think I can handle that). My job as recycling coordinator begins October 12. I will miss everyone here and appreciate all of the support the community has shown to me and this program.

Please support Stephen Lucas as he fills in during my absence. My position here has not been filled at this time. Stephen will have a contact number for me if any problems should arise that he doesn't have a solution for.

Again, thank you all for supporting the recycling program. It has been a true joy working with the residents of Buena Vista, Lexington, and Rockbridge County.

Goodby,

*Kimberley Thompson*  
*Rockbridge County Recycling Coordinator*

***Keep up the good  
Work!!!!***
