COMMISSIONER OF THE REVENUE

Effective Friday, March 20, 2020, the office of the Commissioner of the Revenue will be closed to the public for face to face transactions to ensure safety of our citizens as well as members of our staff. The office will be staffed during normal business hours and will be taking phone calls, emails and postal mail during that time. If you have business to conduct you may do so through one of those means.

State income tax can be mailed via the US Post Office or dropped off in one of the secure drop boxes on the exterior of the County Administration building. These will be checked several times daily and distributed to our office.

Meals and lodging tax forms may be sent via mail or placed in the secure drop box on the exterior of the building on Main Street.

Vehicle registration for personal property may be done via telephone, email or by mail.

Any other business or questions may be done by email or telephone.

Our business hours are Monday through Friday 8:30 am to 5:00 pm.
