Purpose

Chairman Hinty then welcomed all present and noted that the Natural Bridge State Park would be celebrating its one year anniversary in several days. He explained that the group would be receiving a presentation on the first year of operations from Park Manager Jim Jones. He then thanked the staff of all three localities for their dedication and hard work. Finally, he asked for a round of applause for John Stollard and Chef's Catering, as well as for Jason Hostetter, who would be providing entertainment after the presentation.

The group then ate supper, after which Chairman Hinty introduced Mr. Jones, who provided the group with a 15 minute presentation and slide show, highlighted by the fact that the State Park has greatly increased visitation.

After the presentation, the group lingered to listen to Mr. Hostetter play guitar and sing. Chairman Hinty declared the meeting adjourned at approximately 8:40 PM.
