

Rockbridge County

AGREEMENT IN LIEU OF AN EROSION & SEDIMENT CONTROL PLAN SINGLE-FAMILY DETACHED RESIDENTIAL STRUCTURE FORM **UNDER ONE ACRE OF DISTURBANCE**

Construction Activity Operator: *(All info required)*

Applicant: _____

Address: _____

City: _____ State: _____ Zip: _____

Telephone Number: _____

Email: _____

Location of Single-Family Residential Structure: *(all info required)*

Property owner: _____

Address: _____ Tax Map#: _____

City: _____ State: _____ Zip: _____

ALL EROSION AND SEDIMENT CONTROLS MUST BE IN PLACE PRIOR TO LAND DISTURBING ACTIVITY

ESC REQUIREMENTS: *(Mark each box as read)*

- Silt fencing shall be installed downgrade of all disturbed areas and soil stockpiles. Bottom of silt fence shall be trenched in 4 inches deep and back filled.
- Construction Entrances consisting of VDOT #3, coarse aggregate stone shall be installed at the access point off any existing public or private Right-of-Way.
- If you are entering the site from a VDOT right of way and/or a state-maintained road, a copy of the complete VDOT entrance permit **MUST** accompany this application.
- Culvert inlet and outlet protection shall be installed around all culvert inlets and outlets.
- All denuded areas on the property shall be permanently stabilized within 7 days of final grading. If an area is not at final grade but is to be left bare for more than 14 days, the area shall be temporarily stabilized.

- Permanent vegetation shall be established on denuded areas. Vegetation is considered established when the ground cover is uniform, mature enough to survive, and will inhibit erosion.
- A site plan **SHALL** be submitted with this agreement showing proposed work and ESC measures. Failure to submit a site plan will prevent permit issuance.

Responsible Land Disturber: *(Must be excavator on site) (All info required)*

Name (print): _____

Certification #: _____ Expiration Date: _____

Telephone #: _____ Email: _____

Signature: _____

Property Owners Affidavit

- I agree to comply with Rockbridge County’s Erosion and Sediment Control Ordinance in lieu of submission of an official Erosion and Sediment Control Plan. These requirements are based on the conservation standards contained in the Virginia Department of Environmental Quality Erosion and Sediment Control Handbook.
- I understand that periodic site inspections will be made by the Rockbridge County Erosion and Sediment Control Inspector or authorized agents to ensure that all ESC measures have been implemented and are adequately functioning. Rockbridge County shall notify the activity operator of violations, corrective actions and a date by which violations shall be corrected. Failure to comply with such requirements within the specified time may result in enforcement actions.
- I agree to construct and maintain driveways in a manner that prevents erosion, excess stormwater and sediment & debris from entering a VDOT Right-of-Way.

By signing this Agreement, I acknowledge that I am responsible for all items noted on this application and for ensuring that all Erosion and Sediment Control measures are properly installed and maintained. I acknowledge that this permit does not constitute a zoning approval, a building construction approval or approval for any additional land disturbance not specifically listed on this application. I am the recorded property owner. The information provided on this form is complete and accurate.
